Maldives

Driven by a common desire to establish and develop closer cooperation links in the fields of higher education and research, in a spirit of a mutual benefit, the Parties agree upon the following provisions:

Article 1 – Subject of the MOU

In compliance with the legislative and regulatory provisions in force in each of the institutions and in their respective countries, the University of Reunion Island and the Maldives National University agree to foster the cooperations in the following fields:

- i. Exchanges of teaching and research staff
- ii. Exchanges of students
- iii. Exchanges of technical and administrative staff according to specific needs
- iv. Development of joint training programmes
- v. Development of joint research programmes
- vi. Joint scientific supervision of research activities (joint supervision or direction of PhD thesis as appropriate)
- vii. Facilitation of access to pedagogical and scientific knowledge (exchanges of documentation and publications)
- viii. Joint organisation of colloquia, conferences, seminars and short training courses (e.g summer courses)
- ix. Participation in any type of exchange likely to promote their establishments and staff, whether in the framework of their internal operations or in the context of relationships with their economic, industrial, social or cultural environment
- x. Other forms of cooperation: new teaching products, e-learning, support for the implementation of new research structures and similar.

Article 2 – Scope of the MOU

The cooperation may concern any academic fields common to both parties.

On an annual basis, the Parties shall exchange any information and any non-confidential documentation that will allow them to carry out the envisaged cooperation in addition to the exchange programme, where applicable.

Article 3 – Implementing agreements

The provisions relating to the activities provided for in Articles 1 and 2 are jointly defined and are covered by specific implementing conventions separate from this MOU, according to the components and/or academic fields concerned.

These conventions shall specify the aims, contents, the staff involved and the pedagogical, administrative and financial procedures for the implementation of the bases of cooperation described in Articles 1 and 2. These same additional agreements shall also mention the assessment and monitoring procedures and their frequency.

The implementing conventions may be updated on a regular basis as required. They shall be signed by the representatives of both parties.

Article 4 – Resources

The Maldives National University and the University of Reunion Island will try to foresee some of the means required for the carrying out of the present MOU and to obtain supplementary means.

Both parties understand that all the financial arrangements will have to be negotiated in advance and will depend on the availability of funds. They will give place to the establishment of a financial appendix and approved by the proper authorities of each of the institutions.

Article 5 – Exchanges of information - Confidentiality

Any information that is gathered or exchanged in the framework of the cooperation activity, including during scientific visits, in addition to the results of joint research or of jointly developed techniques, shall be confidential and cannot be disclosed to third parties without the prior, written authorisation of each of the Parties, unless required by Law.

The Parties undertake that any information exchanged in the framework of cooperation activities, which is identified as being confidential:

- a. Shall be kept strictly confidential and treated with the same level of protection that is afforded to their own confidential information
- b. Shall only be transmitted to members of staff that need to be aware of this information and shall only be used in application of the MOU, or the implementing agreements resulting therefrom.

Any other communication or use of confidential information shall require the prior consent of the communicating Party.

This confidentiality commitment is binding on the Parties for a period of five (5) years from the entry into force of this memorandum of understanding, notwithstanding its termination or expiry.

Notwithstanding the above-mentioned provisions, each Party may transmit confidential information that it can prove:

- To have been publicly available prior to its transmission or after it, but in the absence of any fault for which the Party can be deemed responsible;
- To have been received from a third party in a lawful manner;
- To have already been in its possession before entering into the MOU; and
- To have been developed independently and in good faith by members of its staff that did not have access to this confidential information.

Furthermore, these provisions cannot preclude:

- The obligation incumbent on each person participating in the cooperation to produce an activity report at his or her parent institution, insofar as this transmission of information does not constitute a disclosure as defined by the laws on industrial property; and

The defence of a thesis relating to the subject of the cooperation; whenever necessary, this defence needs to be organised in such a way as to guarantee the

confidentiality of certain results of work carried out in the framework of the MOU, while conforming to the institution regulations in force.

Article 6 – Intellectual property

For each project involving cooperation in the research field, the Parties must ensure effective protection and the equitable sharing of intellectual property rights.

The following rules shall apply to the cooperation:

- In the framework of research projects, each party shall remain the sole holder of any intellectual property rights acquired previously or resulting from independent research.
- Results concerning projects not covered by the previous paragraph, conducted in the scientific fields described in the implementing conventions that are likely to be protected on grounds of intellectual property, shall be afforded protection on the following bases: if a patent is filed, both parties shall jointly examine the procedures for filing, extending and maintaining the property rights according to the respective intellectual and financial contributions of the Parties.
- Each of the Parties undertakes to respect the other party's intellectual property rights. Specifically, the intellectual property rights resulting from any research or collaborative activity in the framework of this MOU shall be examined on a case-by-case basis, and shall be the subject of measures officially established by both parties.
- The Parties must keep one another informed about any results of work authored or invented by members of the partner, which may be protected by intellectual property rights.
- The Parties must conform to the confidentiality requirements defined pursuant to their respective national legislation and by national agreements, with particular attention to Article 39 of the World Trade Organisation's Agreement on Trade-Related Aspects of Property Rights (TRIPS).

Article 7 – Scientific publications and papers

The publications and scientific papers envisaged by the staff of research teams involved in the cooperation shall be produced under the responsibility of their Directors. The said projects for publications and papers shall be brought to their attention in sufficient time to allow them to contact the Parties' departments in charge of commercial exploitation so that they can implement any protective measures that may be required.

The authors' affiliations in the said publications and communications must follow the rules for scientific signature in force in each institution.

Article 8 – Duration of the MOU, modification, cancellation and renewal

This MOU shall enter into force on the date of the last signature by either Party, subject to approval by the competent authorities of each country where required. It is concluded for a period of two years, until the end of the 2024/2025 academic year.

Either party may request the amendment of this MOU. Such amendment shall be made by means of an amendment agreed upon by the parties, subject to the approval of the competent authorities of each country where required.

Termination of this MOU may be requested by either party, provided that the other party is given six (6) months written notice of its decision prior to the expiration date of the MOU.

In the event of termination, the implementing agreements under this MOU shall automatically be terminated. However, in the interest of those engaged in actions that may be in progress at the time of termination of the MOU, such actions shall continue no later than the end of the academic year in progress at the time of the request for termination. No further action may be taken.

This MOU may be terminated, at any time, in the event of non-compliance by either party with the obligations under the provisions of this agreement. Termination may be requested by the party aggrieved by such failure, after formal notice has been served by the latter to the defaulting party or parties, as the case may be, and has remained without effect for a period of one (1) month.

Article 9 – Settlement of disputes

This framework agreement is subject to French laws and regulations.

The parties shall endeavour to settle amicably any conflict or dispute that may arise in the execution and/or interpretation of this framework agreement.

To this end, the parties agree to hold a meeting within six (6) months of the notification of the dispute by the most diligent party.

If no amicable solution can be found during the notice period, both parties agree that any dispute between them shall be governed by the law of the country of the defendant's domicile and shall be submitted to the exclusive jurisdiction of the latter.

Article 10 – language of the MOU

This MOU has been drawn up in four (4) original copies of identical content, two (2) of which are in the French language and two in the English language.

ARTICLE I: OBJECTIVE

The Parties, subject to the terms of this MoU and the laws, rules, regulations and national policies from time to time in force in the country, will endeavour to strengthen, promote and develop co-operation between the Parties based on equality and mutual benefit with the intention to effectively implement nation-building strategies that encompass:

- utilizing advanced science and technology and tapping on the country's talent pool
- speeding up the fostering of a new generation of applied highly-skilled talents
- developing and nurturing a pool of learned young adults with a strong sense of practicality, good hands-on skills and high level of organizational and business setting awareness and familiarity

ARTICLE 2: AREAS OF CO-OPERATION

Each Party will, subject to the laws, rules, regulations and national policies from time to time in force governing the subject matter, cooperate in a manner that will support, develop and act as a stimulus for a wide range of collaborative activities including but not restricted to:

Obligations of Hilton Maldives Resorts:

- i. Discuss and come to a consensus with FHTS on the type of students to be involved in this program, the exact number of students, and the manner of involvement.
- ii. Provide FHTS, the enterprise's human resources structure, position description, and the knowledge and skill levels for each position requirement;
- iii. Assist FHTS to make the teaching plan and teaching outline.
- iv. Formulate a concise internship training plan and see to the necessary procedures and arrangements, which include preparing the training grounds, providing the necessary equipment and materials, working together to aid the trainee in developing a sense of practicality and exhibiting work professionalism while on the job;
- v. Provide an experienced employee with the technical expertise to the trainees and assess the trainee's internship performance based on fair judgment and evaluation;
- vi. Recommend suitable technical personnel or management personnel to attend the theory lessons, internship coaching sessions and activities for creating training materials and educational courses organized by FHTS;
- vii. Offer priority in employment opportunities to the trainees based on their internship performance and other related factors associated with the evaluation of the trainee's performance, the Hotels Hilton Maldives will be the ones deciding if the trainee is the right candidate for the vacancy; and

- ii. Validate a fixed internship period of 6 months and finalize the external training period, training scope, number of students to be involved, and training requirements;
- iii. Take the initiative to contact Hilton Maldives Resorts and assist Hilton Maldives Resorts in preparing the exact training program and making the necessary arrangements to cater for a total of 10 or more interns at a time from the three resorts.
- iv. Assign a focal point for the internship period for supervising, mentoring, and educating the trainee on Hilton Maldives Resorts' organizational policies, procedures, code of

- conduct and proactively assisting Hilton Maldives Resorts in solving any problems related to the internship;
- v. Assist in the training of management personnel, professional technical employees and transfer personnel of Hilton Maldives Resorts; and
- vi. Nurture trainees that are desired by Hilton Maldives Resorts to attend the theory lessons, internship coaching sessions, activities for preparing training materials and educational courses organized by FHTS.

ARTICLE 3: FINANCIAL ARRANGEMENTS

The Parties will pay all of their own costs related to the intentions and terms of this MOU, except as otherwise stated in any subsequent project agreement between the Parties.

The trainees during the time of internship will be adhering to each resort's guidelines in terms of payment agreeing on receiving same stipend than other interns at the property without services charges as they won't have an employment contract.

ARTICLE 4: EFFECT OF MEMORANDUM OF UNDERSTANDING

This MOU only serves as a record of the Parties' intentions and does not constitute or create, and is not intended to represent or create, obligations under domestic or international law and will not give rise to any legal process and will not be deemed to constitute or form any legally binding or enforceable obligations, express or implied.

ARTICLE 5: NO AGENCY

Nothing contained herein is construed so as to constitute a joint venture partnership or formal business organization of any kind between the Parties or so to represent either Party as the agent of the other.

ARTICLE 6: ENTRY INTO EFFECT AND DURATION

1. This MOU will come into effect on the date of signing and will remain in effect for a period of **TWO (2) years**. This MOU may be extended for a further period as may be agreed in writing by the Parties.
2. Either Party may terminate this MOU by giving written notice to the other at least **ONE (1) month** prior to the proposed date of termination.

ARTICLE 7: PROTECTION OF INTELLECTUAL PROPERTY RIGHTS

1. All rights, title and interest in copyright and other intellectual property rights and all other material supplied by one Party to the other shall, together with any improvements or modifications at all times remain vested with the supplying Party or original owner.
2. Neither Party may gain any right or interest in the other Party's name and logo or the goodwill associated with them, and neither Party may permit any third party to use the other Party's name and logo.

ARTICLE 8: SETTLEMENT OF DISPUTES

In the event of any dispute emerging, the Parties shall make the best efforts to solve the problem amicably and promptly between themselves.

ARTICLE 9: CONFIDENTIALITY

1. Each Party shall undertake to observe the confidentiality and secrecy of documents, information and other data received from or supplied to, the other Party during the period of the implementation of this MOU or any additional agreement made according to this MOU.
2. For the purpose of Article 2, such information and data include any document, information and data which is disclosed by a Party (the Disclosing Party) to the other Party (the Receiving Party) prior to, or after, the execution of this MOU, involving academic, research, technical, business, marketing, policy, know-how, planning, project management and other documents, information, data and/or solutions in any form, including but not limited to any material, information or data which is designated in writing to be confidential or by its nature intended to be for the knowledge of the Receiving Party or if orally given, is given in the circumstances of confidence.
3. Both Parties agree that the provisions of confidentiality of this Article shall continue to be binding between the Parties notwithstanding the termination of this MOU.

ARTICLE 11: SUSPENSION

Each Party reserves the right for reasons of national security, national interest, public order, and public health to suspend temporarily, either in whole or in part, the implementation of this MOU which suspension shall take effect immediately after notification has been given to the other Party.

ARTICLE 12 - VARIATION

The terms stipulated in this MOU shall not be amended, altered, changed or otherwise modified without the mutual consent of the Parties and such amendments, alterations, changes and modifications shall be made in writing and signed by the Parties hereto.

IN WITNESS, WHEREOF, the undersigned duly authorized there to, have signed this MOU in duplicate in Malé, Maldives on 26th of August in the year 2021, in English as original texts.

- iii. Take initiative to contact **Alila Maldives** and assist **Alila Maldives** in preparing the exact training programme and making the necessary arrangements to cater for a total of 10 or more interns at a time from both the resorts.
- iv. Assign a focal point for the internship period for supervising, mentoring, and educating the trainee on **Alila Maldives's** organisational policies, procedures, code of conduct and proactively assisting **Alila Maldives** in solving any problems related to the internship;
- v. Assist in the training of management personnel, professional technical employees and transfer personnel of **Alila Maldives**; and
- vi. Nurture trainees that are desired by **Alila Maldives** to attend the theory lessons, internship coaching sessions, activities for preparing training materials and educational courses organized by FHTS.

ARTICLE 3: FINANCIAL ARRANGEMENTS

The Parties will pay all of their own costs related to the intentions and terms of this MOU, except as otherwise stated in any subsequent project agreement between the Parties.

ARTICLE 4: EFFECT OF MEMORANDUM OF UNDERSTANDING

This MOU only serves as a record of the Parties' intentions and does not constitute or create, and is not intended to represent or create, obligations under domestic or international law and will not give rise to any legal process and will not be deemed to constitute or form any legally binding or enforceable obligations, express or implied.

ARTICLE 5: NO AGENCY

Nothing contained herein is construed so as to constitute a joint venture partnership or formal business organization of any kind between the Parties or so to represent either Party as the agent of the other.

ARTICLE 6: ENTRY INTO EFFECT AND DURATION

1. This MOU will come into effect on the date of signing and will remain in effect for a period of **TWO (2) years**. This MOU may be extended for a further period as may be agreed in writing by the Parties.
2. Either Party may terminate this MOU by giving written notice to the other at least **ONE (1)** month prior to the proposed date of termination.

ARTICLE 7: PROTECTION OF INTELLECTUAL PROPERTY RIGHTS

1. All rights, title and interest in copyright and other intellectual property rights and all other material supplied by one Party to the other shall, together with any improvements or modifications at all times remain vested with the supplying Party or original owner.
2. Neither Party may gain any right or interest in the other Party's name and logo or the goodwill associated with them, and neither Party may permit any third party to use the other Party's name and logo.

ARTICLE 8: SETTLEMENT OF DISPUTES

In the event of any dispute emerging, the Parties shall make the best efforts to solve the problem amicably and promptly between themselves.

ARTICLE 9: CONFIDENTIALITY

1. Each Party shall undertake to observe the confidentiality and secrecy of document, information and other data received from or supplied to, the other Party during the period of the implementation of this MOU or any additional agreement made according to this MOU.
2. For the purpose of Article 2, such information and data include any document, information and data which is disclosed by a Party (the Disclosing Party) to the other Party (the Receiving Party) prior to, or after, the execution of this MOU, involving academic, research, technical, business, marketing, policy, know-how, planning, project management and other documents, information, data and/or solutions in any form, including but not limited to any material, information or data which is designated in writing to be confidential or by its nature intended to be for the knowledge of the Receiving Party or if orally given, is given in the circumstances of confidence.
3. Both Parties agree that the provisions of confidentiality of this Article shall continue to be binding between the Parties notwithstanding the termination of this MOU.

ARTICLE 10: SUSPENSION

Each Party reserves the right for reasons of national security, national interest, public order, and public health to suspend temporarily, either in whole or in part, the implementation of this MOU which suspension shall take effect immediately after notification has been given to the other Party.

MEMORANDUM OF UNDERSTANDING

Between

Embassy of the People's Republic of China in the Republic of Maldives

and

The Maldives National University

on

The Chinese Ambassador Bursary program

Purpose

The purpose of this Chinese Ambassador Bursary program is to provide financial aid to Maldivian university students in order to help those who are excellent in academic performance but in financial need to accomplish higher education. This program will promote China-Maldives education cooperation and people-to-people exchanges as well as enhance Maldivian young people's understanding about China.

Duration

The Chinese Ambassador Bursary program will cover Year 2023. Therefore, bursaries may be awarded for Academic year 2023. This MOU requires renewal by March 2024 in order to continue to support bursary recipients in the subsequent academic years.

Number of Awards

Ten (10)

Total Value

MVR 10,000*10

Eligibility

The award is available to Maldivian students who

- Are registered in Maldives National University;
- Are interested in Chinese culture and China's development;
- Have excellent academic records;
- Are in financial need.

Selection

Maldives National University will be responsible for candidate selection and will send a short list of more than TEN (10+) candidates together with their application materials including C.V., a Paper on China or China-Maldives Relations (1000 words), Letter of Application, Letter of Recommendation, etc. to the Chinese Embassy for confirmation.

Implementation Schedule

- 1) Open to application after Ramadan, in early May 2023;
- 2) Maldives National University to submit the shortlisted candidates to Chinese Embassy by the end of June 2023;
- 3) Candidates to be confirmed at the end of July 2023;
- 4) Awarding ceremony to be held in early August 2023.

Policy on Student Compensation and Refund

1. INTRODUCTION

- 1.1 The Student Compensation and Refund Policy, a requirement of the Maldives Qualifications Authority for higher education providers, reflects the commitment of the Maldives National University (MNU) to provide students with the expected university experiences and achieve the published academic outcomes. This policy should be read in conjunction with other relevant policies and guidelines including Policy on Withdrawal from Subjects/Courses which set out the amount fees to be refunded in special circumstances.
- 1.2 The purpose of this Policy is to set out the circumstances in which MNU will pay compensation and provide refunds, and to specify the authorities to decide such payments.
- 1.3 MNU remains committed to supporting all students to complete their courses of study, and considers compensations and refunds to be remedies of last resort.

2. APPLICATION

- 2.1 This Policy applies to all applicants who have accepted the offer of a place at MNU, as well as the registered students of MNU. These persons include those students who receive a tuition fee loan from the Ministry of Higher Education or other relevant government body, those who pay their own tuition fees and those whose tuition fees are paid by a sponsor.
- 2.2 This Policy does not apply to former students of MNU who have completed their course of study.

3. AMENDMENTS TO THIS POLICY

- 3.1 The MNU reserves the right to change, amend or alter this Policy during the academic year if doingso is in the general interests of those to whom this Policy applies and/or to ensure it reconciles with relevant laws and other MNU policies.

4. DEFINITIONS

- 4.1 **Refund** means the repayment of sums paid by a student to the university or an

appropriate reduction in the amount of sums owed in future by the student to the university. This could include tuition fees, other course costs, or accommodation costs of MNU hostels.

- 4.2 **Compensation** will relate to some other recognisable loss suffered by the student. This normally falls into two **categories**, either: (a) recompensing the student for wasted out-of-pocket expenses they have incurred, which were paid to someone other than the university (such as travel costs) or (b) an amount to recompense for material disadvantage to the student arising from a failure by the university to discharge its duties appropriately.

5. GROUNDS FOR COMPENSATION AND/OR A REFUND

5.1 Tuition fee refunds.

- 5.1.1 It should be noted that a person becomes a bona-fide student of MNU for a particular term on the completion of registration processes for that term after having paid the due tuition fees.
- 5.1.2 MNU limits its commitment to deliver a course in the time frame advertised, only for those students who pass each semester of the course. Students who fail may have their desired subjects unavailable at a certain time or may have to undertake an alternate subject, sometimes in a different campus than the one in which the course was initially offered.
- 5.1.3 Students who withdraw from a course may have their tuition fee refunded or partially refunded depending on the time of withdrawal. These refund conditions are specified in the Policy on Withdrawal from Courses/Subjects.
- 5.1.4 Students who withdraw from a course or subject before the first week of the teaching term will have their Student Union fees refunded.
- 5.1.5 In the unlikely event that MNU is unable to “teach out” current students on a discontinued course of study, students (or their sponsor) will be offered a refund of any fee payments made towards that course of study in the year of the discontinuation when the student is required to withdraw from MNU as a result of the course discontinuation. The refund of fees will only apply to tuition fee costs incurred in the term in which the academic course ceases to be offered.
- 5.1.6 If a person believes s/he is entitled to a refund, s/he may seek a refund by raising the matter in writing to the Student Administrative Services or the Registrar. The Registrar is responsible for determining the request for refund of tuition fees and issuing a written request to refund the tuition fees.

5.2 Compensation

- 5.2.1 In circumstances where MNU is no longer able to preserve continuation of an academic course of study, and students have already commenced study on that course, students may make a claim for compensation where they are forced to withdraw from MNU. This will only apply when MNU is ceasing to deliver a course of study before registered students of that course have completed their studies. In these circumstances, students can apply for financial compensation in respect of these additional costs incurred in travel and tuition fees.
- 5.2.2 In cases where a student has been informed of the starting of a course in a particular campus in writing and the student travels to that campus but the course is cancelled for a reason that may not constitute a force majeure, then the student may claim compensation for reasonable travel and accommodation costs

incurred.

5.2.3 In the circumstances described in paragraph 5.2.2 above, MNU will also reimburse a student's reasonable maintenance and accommodation costs, where these have been wasted costs as a result of the inability to teach out the course and/or offer a reasonable alternative course, and/or reasonable travel costs as a result of relocation. In appropriate circumstances, other MNU-related costs, e.g., sports club membership/professional body registration fees for which membership is required, will be reimbursed in so far as they amount to wasted costs.

5.2.4 If a person believes s/he is entitled to compensation, s/he may seek it by raising the matter in writing to the Deputy Vice Chancellor for Academic Affairs who will constitute an hoc committee of five members to determine the merits of the case. If the committee decides compensation is payable, then the case must be forwarded to the Finance Committee for approval. The decision of the Finance Committee is final.

6. CONSIDERATION OF CLAIMS FOR COMPENSATION OR REFUNDS

6.1 In making a final assessment of any compensation payment, consideration will be given to:

1. Whether MNU has failed to deliver on specific material undertakings given to students in the way the course would be delivered.
2. Whether sufficient action was taken by MNU to ensure students had a fair and reasonable opportunity to complete the course.
3. Whether there has been a demonstrable loss to the student.
4. Whether the student achieved the learning outcomes for their course.
5. Whether the students have met their own responsibility to minimise losses.
6. Whether MNU followed its own processes in delivering the course.
7. Whether the student has been affected in relation to a final degree award, external accreditation or the ability to take up a job offer.
8. Consideration of alternative arrangements/adjustments that were implemented for students to minimise loss and whether students took advantage of them.
9. Whether MNU communicated with students effectively throughout the process.
10. Whether a refund or compensation payment is the most appropriate way to deal with the issue.

7. PAYMENT OF REFUNDS AND COMPENSATION

7.1 MNU will pay all refunds to the original payer by the original payment method; this is known as 'return to source' and is in accordance with money laundering regulations. Refunds are not transferable to third parties.

7.2 MNU is not liable for any currency fluctuations when making payments.

7.3 MNU is not liable for events outside of MNU's control, which includes but is not limited to war, terrorism, strike action, earthquakes, hurricanes, acts of government, plagues or epidemics.

7.4 If a payment is agreed and made, this will be considered a full and the final settlement of all claims arising out of the same issue.

7.5 The maximum amount of compensation for a single student is MVR 10,000 inclusive of all claims.

8.1 If a student is not satisfied with the University's refund and, where relevant, compensation relating to that student, they should refer the matter in writing to the Deputy Vice Chancellor for academic affairs setting out the reasons and any supporting evidence. A referral to the Deputy Vice Chancellor should be made promptly and in any event within 10 working days of the date the individual refund and, if relevant, the compensation plan is communicated to the student.

Effective date: 1st January 2023

- 1.5. 4 වන ප්‍රකාශනයේ ඇති Assessment at university පිළිබඳව විවිධ මට්ටම්වලින් සිදු කරනු ලබයි.

Reliable and valid assessment of students is essential to achieve the University objectives. Therefore, assessment should be seen as an integral part of the teaching and learning process. Further, assessment has a legal dimension as its outcome sometimes leads to investigations, appeals and representations. Therefore, the more transparent this judgement process is, the less room there is for ambiguities and possible disagreements. This University policy is designed to ensure maximal transparency.

- 1.6. 1 වන ප්‍රකාශනයේ ඇති Principles of Assessment පිළිබඳව විවිධ මට්ටම්වලින් සිදු කරනු ලබයි.

Assessment in the context of a subject of study is an individualised process requiring significant academic judgement in its conceptualization, design, and execution. While it is neither possible nor desirable to delineate or anticipate all of the different potential types of assessment tasks that could be designed for a specific subject of study, there are important considerations that broadly cut across all assessment tasks. The types of assessment strategy selected should match well with the outcomes and objectives of the subject.

- 1.7. 4.2.1.2 වන ප්‍රකාශනයේ ඇති Examination tasks පිළිබඳව විවිධ මට්ටම්වලින් සිදු කරනු ලබයි.

Examination tasks: Assessment tasks to be undertaken under examination conditions, which are explicitly supervised, timed and controlled, must be designed

to be fully completed within the space of two or three hours as appropriate. Tests that are designed so that no student will actually complete the test within the assigned time (the mark therefore being the number of items completed that were correct) are not permitted because performance is inseparably confounded with reading speed and ability. Examination questions should address learning outcomes explicitly stated in the subject outline and students must be informed about the learning outcomes that will be covered in the examination. Exceptions may apply for examinations conducted by Faculty and for courses conducted in affiliation with external institutions or programs with international certification

1.8 4.2.1.3 1.8.1.3 4.2.1.3 1.8.1.3

Students in a subject may request for a variation to the assessment methods to be used in the subject to the lecturer with valid documentation. The decision should be made in consultation with the subject coordinator.

1.9 4.2.1.4 1.9.1.4 4.2.1.4 1.9.1.4

However, as a general principle, no component of assessment should count for more than 70% of the final mark, except with the approval of Faculty based Curriculum Committee.

1.12 4.3.2.6.1.12 1.12.1.12 4.3.2.6.1.12 1.12.1.12

No subject should require all aided assignments to reduce incidences of third-party involvement in writing assignments for individual students. Where aided assessments constitute more than 50% of aggregate marks, the assessment components of such subjects need to be approved by the Curriculum Committee.

Have your Say Mailbox

Have your Say Mailbox

Standard Operating Procedure

The purpose of the ‘Have your say mailbox’ is to gather feedback on the services including teaching and learning offered at MNU. This feedback is critical to the continuous quality assurance and enhancement of MNU’s services and to ensure the due processes are followed at MNU.

The feedback generated from these mailboxes are anonymous so students can have an avenue to provide feedback without disclosing their identity.

This document is applicable to the Faculties, Student Support Services (SSS), and Policy and Quality Control Unit (PQCU)

There are two levels of mailboxes students can approach to

- The Central Level Mailboxes
- The Faculty Level Mailboxes

At each level there is a physical mailbox as well as a virtual mailbox student can provide their feedback to. The details of managing these mailboxes are explained below:

Procedure to check the Virtual Mailboxes

1. The virtual mailbox is established on MNU’s main website under the tab ‘Feedback’
2. The feedback received via the website is directed to SSS.
3. These feedback responses will be checked and attended by staff from SSS on a daily basis. The process for attending this feedback is as below
 - a. If the feedback is directly related to a faculty where they stand to benefit or able to enhance their services, the feedback will be directed to the faculty email.
 - b. If the feedback is at the central level issue, SSS will directly attend to the matter
4. All the feedback received to this email address, and how they are addressed, will be used to compile the monthly Student Mailbox Report and shared with the student body via Student Feedback Panel, Student Panel as well as emailed to all students.
5. These monthly reports will be used to complement the data used for the annual Student Experience Survey, and also report to the Quality Assurance Committee at the end of each academic year.

Procedure to check the Physical Mailboxes

1. Physical feedback mailbox is available at the following locations that are easily accessible to all students.
 - a. Each Faculty/School/Centre
 - b. Student Support Services (SSS)
 - c. Revenue Section

- d. Student Administrative Services (SAS)
 - e. Central Administration reception
 - f. MNU libraries
2. Each faculty will inform their student body where their respective mailbox is during the orientation sessions and other relevant course coordination meetings.
 3. The faculty mailbox will be checked and attended to by staff from the faculty. Central level mailboxes will be checked by staff from SSS on a weekly basis. The process for attending this feedback is as below.
 - a. For the faculty level mailbox, the weekly feedback will be taken to the Faculty Management Committee meetings and the matters discussed. A report of how the issues is addressed is recorded and the records maintained at the faculty level. These reports are used to generate the monthly report which will be discussed at the Faculty Quality-Management Committee.
 - b. The faculty staff will be informed of these matters regularly via email and where necessary through staff meetings.
 - c. For the Central level mailbox, the weekly feedback will be addressed at the SSS. Those issues that need discussion at various central levels (for example SAS, MNU Library etc) will be communicated. A report of how each issue is addressed is recorded. These records are maintained at the central level to generate the monthly report which will be discussed at the Quality Assurance Committee.
 - d. Where needed the SSS will report on these matters to the Heads during the weekly Heads meetings.
 4. All the monthly reports will be used to complement the data used for the annual Student Experience Survey (SES).

The template used for the monthly reports is at the end of this SOP.

This SOP shall be reviewed periodically to ensure adequacy and relevance to all University services.
